Section I – Introduction

The Commonwealth of Pennsylvania (the “Commonwealth”), through the Department of Community and Economic Development (the “Department”), administers the **Film Production Tax Credit Program** (the “Program”) authorized by Article XVII-D Subarticle B of the Tax Reform Code of 1971 (P.L. 6, No.2) (the “Act”), a copy of which is attached as Appendix A.

Act 84 of 2016 added an enhanced tax credit to the Program for Postproduction Expenses incurred at a Qualified Postproduction Facility. For explanation purposes only, certain sections of these guidelines separate the Program into two components as described below. It is important to note there are NOT separate allotments of tax credits set aside for each component. All applications will be evaluated on the same criteria as required by the Act.

- **Component A:** Film production – pre-production, production, and/or Postproduction Expenses incurred at a location in Pennsylvania other than one identified under Component B.
- **Component B:** Postproduction Expenses incurred at a Qualified Postproduction Facility.

Applicants should read and understand the requirements of the Act prior to submitting an application. Applicants are also strongly encouraged to consult with their legal and financial advisors prior to submitting an application.

Section II – Eligibility

Component A – Film Production

Eligibility for a Film Production Tax Credit under Component A is determined by: (a) the type of production and (b) the amount of Pennsylvania Production Expenses relative to the amount of total Production Expenses.

Note: Total Production Expenses include the dollar amount spent for all pre-production, actual film production, and postproduction activities.

The types of Film eligible for a Film Production Tax Credit under the Program are restricted to:

- a feature film
- a television film
- a television talk or game show series
- a television commercial
- a television pilot or each episode of a television series intended as programming for a national audience.

The following types of film production are NOT eligible for a tax credit: a production featuring news, current events, weather and market reports, public programming, sports events, awards shows or other gala events, a production that solicits funds, a production containing obscene material or performances as defined in 18 Pa.C.S. §5903(b) (relating to obscene and other sexual materials and performances), or a production primarily for private, political, industrial, corporate, or institutional purposes.

To be eligible for a Film Production Tax Credit under Component A, Pennsylvania Production Expenses must comprise at least 60 percent of a Film's total Production Expenses.

Note: The Qualified Postproduction Expenses incurred under Component B for Films that also incur expenses under Component A of the Program will be included in determining a Film's eligibility for a tax credit under Component A, but will only be approved for and awarded a tax credit under Component B. In other words, the Qualified Postproduction Expenses incurred at a Qualified Postproduction Facility will be eligible to receive a tax credit under Component B only – NOT UNDER BOTH COMPONENTS.

Component B – Postproduction at a Qualified Postproduction Facility

Eligibility for a Film Production Tax Credit for Postproduction Expenses of original content for a Film is determined by the type(s) of postproduction activity and whether the Postproduction Expense(s) is incurred at a Qualified Postproduction Facility.

Eligible expenses for postproduction activities involving traditional, emerging and new work flow techniques used in postproduction include:

- picture, sound and music editorial, rerecording and mixing;
- visual effects;
- graphic design;
- original scoring;
- animation;
- musical composition;
- mastering;
- dubbing;
- purchase of music rights if the following apply:
 - The purchase is from a resident of this commonwealth
 - The purchase is from an entity subject to taxation in this commonwealth and the transaction is subject to taxation under article III, IV or VI.

Only expenses incurred at a Qualified Postproduction Facility, either as part of the total production activities of a Film that qualifies for a tax credit under Component A or as a stand-alone postproduction project, are eligible for a tax credit under Component B of the Program.

Note: Postproduction Expenses incurred in Pennsylvania at a facility other than a Qualified Postproduction Facility may still be eligible under the Program. To be eligible, the Postproduction Expenses must be for and included in the Pennsylvania Production Expenses of a Film eligible for a tax credit under Component A.

Expenses for editing previously produced content for a Film and/or expenses for news or current affairs, talk shows, instructional videos, and/or content containing obscene material or performances as defined in 18 Pa.C.S. § 5903(b) are NOT eligible for a tax credit.

Exclusions

Projects that have completed all phases of Film production or postproduction at the time of application are not eligible for a Film Production Tax Credit.

Projects with a Film Production Tax Credit Contract may not submit a revised or new application for additional tax credits for the same Film production or postproduction project.

Approval and award of all Film Production Tax Credits, on either an actual or conditional basis, are subject to the availability of tax credits in a fiscal year.

Tax Credit Levels

Component A – Film Production

Films with eligible expenses may receive a Film Production Tax Credit of up to 25 percent of their Qualified Film Production Expenses.

A Film with eligible expenses may receive an additional 5 percent tax credit for a total credit of 30 percent if the taxpayer films a feature film, television film, or television series intended as programming for a national audience that meets the minimum stage filming requirements at a Qualified Production Facility. (See Appendix N for a list of Qualified Production Facilities.)

Applicants for Films scheduled to be in production for more than 12 months may at the time of application make a written request for the Film Production Tax Credit to be issued on an annual basis rather than upon completion of production. The Department may, at its discretion, grant such request subject to the following conditions:

- The amount of Film Production Tax Credit to be issued will be limited to 25 percent of Qualified Production Expenses actually incurred in connection with the Film during the relevant 12-month period specified in the request.
- The applicant must comply with the Financial Compliance instructions for the Program (Section IX) with respect to each Film Production Tax Credit to be issued under this provision.

If granted by the Department, the request may not be withdrawn or changed.

Component B – Postproduction at a Qualified Postproduction Facility

Applicants with eligible Postproduction Expenses incurred at a Qualified Postproduction Facility, either as part of the total production activities of a Film that qualifies for a tax credit under Component A or as a stand-alone postproduction project, are eligible to receive a 30 percent Film Production Tax Credit for these Postproduction Expenses under Component B of the Program.

As noted above, Films that receive the 30 percent tax credit for their Qualified Postproduction Expenses under Component B will not receive a tax credit for these same expenses under Component A. However, these expenses will be included with the Film's preproduction and production expenses in determining the Film's eligibility for a tax credit under Component A (i.e., whether the Film's Pennsylvania Production Expenses comprise at least 60 percent of total Production Expenses). The amount of tax credit a Film is eligible to receive for its Qualified Postproduction Expenses under Component B will be determined separately and based solely on the amount of the Qualified Postproduction Expenses.

Please see the examples below for the way in which eligibility for and the amount of a Film Production Tax Credit will be calculated under various scenarios.

Section III – Marketing Requirements

Recipients of a Film Production Tax Credit are required to:

- Include the logo and official acknowledgement of the support provided by the commonwealth and the regional film office(s), if any, in the Film’s end credits. The logos and language for the official acknowledgement of Pennsylvania support are provided in Appendix B of these Guidelines and available at filminpa.com. The commonwealth reserves the right to refuse the use of Pennsylvania’s name in the credits of a Film produced in the commonwealth. Such refusal will be indicated in the Film Production Tax Credit Contract or in writing at a later time.
- Place the Pennsylvania logo on all packaging material and hard media, unless such placement is prohibited by licensing or other contractual obligations.

Recipients of a Film Production Tax Credit will also be required to provide the Department:

- One copy of the electronic press kit for the Film at the time it is made available to the press, if one is created.

Non-Qualified Film Production and Postproduction Expenses

In order to promote jobs in Pennsylvania, the Department does not recognize the following as Qualified Film Production Expenses or Qualified Postproduction Expenses:

- Fees paid for production services or postproduction services performed outside of Pennsylvania, regardless of whether they were performed by a Pennsylvania taxpayer.
- Purchases of products or services made through a person or entity not routinely engaged in the business of providing such products or services to businesses other than Pennsylvania Film Production Tax Credit Applicants, regardless of whether such purchases or such vendors are subject to taxation in Pennsylvania.

A Pass-Through Expense, as defined in Section XII, does not qualify as a Qualified Production Expense or Qualified Postproduction Expense. A company established to exist as a Pass Through will be required to provide documentation that all vendors utilized are Pennsylvania companies unless documentation is provided that shows no Pennsylvania company is available. Goods ordered from companies in the business of purchasing from out of state that do not operate a rental or sales business and do not maintain inventory will not qualify as a Qualified Film Production Expense or Qualified Postproduction Expense.

Refer to Appendix C for a list of qualifying and non-qualifying expenses.

Section V – How to Apply

Applicants for a Film Production Tax Credit must provide a complete application package consisting of the following to the Department.

- A non-refundable application fee equal to 0.2 percent (two-tenths percent) of the anticipated amount of Film Production Tax Credits the Applicant is applying for (i.e., 25 percent or 30 percent, as applicable, of the estimated Qualified Film Production Expenses and/or Qualified Postproduction Expenses that will be incurred), up to a maximum of \$10,000. Payment must be in the form of a check made payable to the “*Commonwealth of Pennsylvania.*” Amendments to an application otherwise denied constitute a new application and require a new application fee. The application fee may be refunded for applications denied solely due to a lack of available tax credits.

Note: The fee is waived for projects with a total production budget of \$1 million or below.

- Provide proof the Applicant is registered to do business in Pennsylvania prior to the start of principal photography in the Commonwealth. Out-of-state applicants are required to file a Foreign Registration Statement with the Pennsylvania Department of State, Bureau of Corporations and Charitable Organizations. Applicants requesting the 30 percent tax credit for Postproduction Expenses incurred at a Qualified Postproduction Facility and that meet the postproduction requirements specified in the Act must submit a separate Budget Top Sheet report listing the projected eligible expenses to be incurred at the facility.

*Note: Separate Budget Top Sheet reports are also required upon **completion** of the project listing the **ACTUAL** total and Qualified Film Production Expenses that were incurred under Component A and/or at a Qualified Production Facility, and/or for Qualified Postproduction Expenses incurred under Component B.*

- A completed “Electronic Single Application for Assistance” (ESA) submitted electronically and available at www.esa.dced.state.pa.us/Login.aspx. Please refer to Appendix F for Instructions on Completing the Single Application for Assistance online.
 - By executing the ESA, the applicant seeking the credits is authorizing DCED to request access to, and review of, the company’s and its affiliates’ state tax returns and waives confidentiality under Pennsylvania law and authorize release of this information. The ESA authorizes the Pennsylvania Department of Revenue to release the tax returns and tax return information by any means possible, including but not limited to by phone discussions, mail, facsimile, e-mail or other electronic means.
- Applicants are required to complete the online tax compliance form with the Pennsylvania Department of Revenue available at: www.revenue.pa.gov/taxcredits.
 - Entities seeking a tax credit must obtain a state tax compliance clearance in accordance to the laws and regulations of the Commonwealth of Pennsylvania, to the satisfaction of the Pennsylvania Department of Revenue.
 - Notification of Non-Compliance: Applications identified by the Pennsylvania Department of Revenue as non-compliant will be ineligible for a tax credit, unless the applicant resolves the non-compliant issues in the determination period set by the Pennsylvania Department of Revenue and communicated to the applicant.
- A copy of the script or storyboards (commercials only).
- Applicants must provide verifiable documentation that at least 70 percent of the financing for the Film project has been secured and the remaining amount will be secured prior to the planned start date of principal photography or postproduction at a Qualified Postproduction Facility, as applicable, in the commonwealth. Applicants must provide appropriate documentation and notify the Department of any change in financing prior to completion of the project. A Film Production Tax Credit Contract will NOT be issued for projects that have not secured financing and provided proof thereof.
- Any other documentation deemed necessary by the Department.

Completion and submission of the items listed above constitute a completed application package. Incomplete applications will be rejected and the application fee retained by the commonwealth.

Complete application packages may not be submitted sooner than 90 days prior to the start date of principal photography, or postproduction activity for those applying for a tax credit under Component B only, in the commonwealth or an earlier date approved by the Department. Upon request for an earlier date, the Department may require the Applicant to submit additional information.

Section VII – Film Production Tax Credit Contract

Unless specified otherwise, this section applies to both Component A (film production) and Component B (postproduction at a Qualified Postproduction Facility) of the Program.

Use of Film Production Tax Credit by Recipient

Recipients who elect to use the Film Production Tax Credit to offset their Pennsylvania state tax liability must first apply the credit to the Pennsylvania state taxes owed by the recipient for the tax year in which the tax credit is issued. If a recipient's tax liability is less than the amount of tax credits awarded, the recipient may carry forward any or all of the unused portion of the credit to offset the recipient's tax liability for up to three additional tax years.

Note: The tax credits cannot be applied against a recipient's tax liability until the tax return for the applicable tax year has been filed with the Pennsylvania Department of Revenue.

Sale or Assignment of Film Production Tax Credit by Recipient

Recipients of a Film Production Tax Credit with no Pennsylvania tax liability or with unused tax credits may sell or assign all or a portion of the tax credit to one or more entities at any time in the initial tax year or in the three subsequent tax years.

The recipient must apply to the Department for approval of the sale or assignment of all or a portion of the recipient's Film Production Tax Credit to another entity by submitting an official Assignment Application (Appendix K), identifying the buyer company or individual and signed by both the seller and buyer of the tax credit(s). NOTE: A separate Assignment Application must be submitted for each buyer.

Prospective sellers and buyers must submit the completed Assignment Application with all required signatures, a copy of the Film Production Tax Credit Certificate, and any attachments to:

Janice Collier
Entertainment Production Tax Credit Program Manager
Department of Community & Economic Development
Commonwealth Keystone Building

Harrisburg, PA 17120-0225

For specific questions, please contact Janice Collier at 717-720-1312 or jacollier@pa.gov.

Note: Film Production Tax Credits can only be sold or assigned to entities with a valid Pennsylvania state tax ID number. Entities not incorporated or formed within Pennsylvania must first register to do business in Pennsylvania and obtain a valid state tax ID number.

Upon submission of an Assignment Application, a recipient may no longer use that portion of the Film Production Tax Credit to offset any qualifying tax liability unless the Assignment Application is denied by the Department or withdrawn by the recipient.

Effective immediately:

- All sales and assignment transactions that are rejected by the Department of Revenue for State Tax Non-Compliance Issues or Corporation Tax Non-Compliance Issues will require the submission of a new Assignment Application (Appendix K) by the buyer and seller for the Department of Revenue to process. **The new Assignment Application will begin a new 60-day review period.**
- Assignment Applications marked non-compliant will require the Department to contact the parties involved in transaction and notify the parties that the Assignment Application has been rejected by the Department of Revenue and will require the non-compliant issue to be resolved prior to resubmitting a new application for sale. When the Assignment Application is rejected, the Department can instruct the applicant or broker (if they have POA), to contact the Compliance Unit at 717-787-3911 option 5, to resolve the issue, prior to submitting the new Assignment Application.
- No Assignment Applications will be processed by the Department of Revenue that have been marked Non-Compliant.
- When the new Assignment Application is submitted for review, the Compliance and Corporate Taxing Unit will be going off of the new 60-day period from the new date of submission.

Note: This Assignment Application is considered closed and will not receive a Compliant as of (date) on any Assignment Application which has been rejected. These Assignment Applications are effectively dead.

The Department of Revenue will not be providing early clearances to ensure a sale and all Assignment Applications will be worked on first in, first out.

Film Production Tax Credit Buyer

A buyer of a Film Production Tax Credit must be identified in the Assignment Application for the sale of the Film Production Tax Credits submitted by the recipient. The buyer must claim the full amount of the purchased tax credits in the taxable year in which the Assignment Application for the sale of the Film Production Tax Credit is approved by the Department. The amount of the purchased tax credit may be used to offset no more than 50 percent of the buyer's tax liability for that taxable year for most buyers. However, Act 13 of 2019 provides for 100 percent offsetting of tax liability for tax credits purchased or assigned by buyers that file on the same Federal consolidated return as the seller or assignor of the unused tax credit.

Any portion of a purchased Film Production Tax Credit that is not used by a buyer in the year of purchase is forfeited and may not be used in any other tax year.

A buyer may **not** carry back, obtain a refund of, sell or assign the Film Production Tax Credit to another entity. A buyer or assignee of a tax credit may carry forward all or any unused portion of a tax credit only for tax credits purchased or assigned in:

1. Calendar Year 2010 – against qualified tax liabilities incurred in taxable years 2011 and 2012.
2. Calendar Year 2013 – against qualified tax liabilities incurred in taxable year 2014.
3. Calendar Year 2014 – against qualified tax liabilities incurred in taxable year 2015.

The process for the sale and assignment of Film Production Tax Credits is closely coordinated between the Department and the Department of Revenue.

Assignment Applications submitted to the Department for the sale or assignment of all or a portion of a Film Production Tax Credit will be reviewed within 15 business days of receipt by the Department. If the Assignment Application is determined complete and accurate, the Department will forward the Assignment Application to the Department of Revenue for review and processing.

The Department of Revenue may take up to 60 days to review the Assignment Application and confirm compliance with the Act, these Guidelines, and all conditions before posting the transfer to the sellers' and buyers' respective accounts with the Department of Revenue. The Department of Revenue will issue a written confirmation of the transfer to both the seller and buyer. Sellers and buyers of Film Production Tax Credits can confirm the completion of all transfers by calling 1-888-728-2937 (Option 1, 2, 5) with the Corporate Tax Account ID number in hand.

The Department of Revenue encourages Applicants to adhere to the following steps to ensure expeditious processing of the use or sale of the Film Production Tax Credit:

Transfer of Film Production Tax Credits

The transfer of unused Film Production Tax Credits is authorized only for pass-through entities (as defined in the Act), which may transfer all or a portion of unused credits to shareholders, members, or partners. The amount of tax credit each individual may receive is based on the proportionate share of the entity's distributive income to which the individual is entitled. The transfer must be authorized in writing by the pass-through entity according to procedures established by the Department of Revenue.

A shareholder, member, or partner can only use the credit in the taxable year in which the transfer is made. A pass-through entity and the individual(s) to whom the tax credit is transferred may NOT claim the credit for the same Qualified Film Production Expense.

Transferred credits cannot be carried forward, carried back, sold, assigned, and/or used to obtain a refund of the credit.
